Entry-level Cloud Engineer skilled in AWS services, Linux, networking, monitoring, and troubleshooting. Completed AWS Cloud Practitioner certification and hands-on projects using 15+ AWS services including EC2, S3, VPC, IAM, Lambda, CloudWatch, RDS, and Route 53. Strong foundation in cloud architecture, problem-solving, and system administration. Seeking Cloud Support / AWS Engineer roles to apply practical cloud skills and contribute to fast-paced engineering teams.

Education

Godavari Institute Of Engineering And Technology **10/2022 - 04/2025**
B.Tech - A+

VKR AND VNB Polytechnic College **06/2019 - 06/2022**
Diploma - A

- Completed My 6months Industrial Training

Assisi EM High School **06/2018 - 06/2019**
Matriculation (10th) - A+

Projects

Cloud Projects & Hands-On Experience

- Configured and managed AWS CloudWatch dashboards, alarms, and logs to monitor EC2, RDS, and Lambda services—improving visibility and issue detection.
- Administered Amazon RDS and Aurora with automated monitoring, snapshots, and performance insights.
- Implemented AWS Billing & Cost Management with budgets and alerts.
- Designed secure VPC architectures, including public/private subnets, Internet Gateway, NAT Gateway, and route tables.
- Launched and managed EC2 instances using AWS Console, CLI, SSH (Linux, Ubuntu, Windows).
- Built secure storage using S3 buckets with versioning, lifecycle policies, and IAM permission boundaries.
- Created and deployed DNS records using Route 53 for application hosting.
- Implemented monitoring, basic troubleshooting, connectivity testing, and cloud environment debugging.

Solar Skate Board

- Developed Solar Powered Skateboard with Charging Backpack (engineering innovation project).

Internships And Certifications

- AWS Cloud Practitioner - MSME Certified (2025)
- Basic Cloud Computing - IBM (EDX) (2023)
- Software Development Virtual Experience - Accenture (Forage) (2025)
- Basics of Mechanical Engineering - NPTEL(Skill India) (2024)
- Electric Vehicle Management Internship -Skill Dzure(AICTE Approved, 3 months) (2024)
- Drone Technology Internship - Skill Dzure(AICTE Approved, 3 months) (2025)

Languages

- Telugu
- English
- Hindi
- German (Basic)

Key Skills

- Cloud & AWS Services : EC2, S3, Lambda, VPC, Subnets, IAM, CloudWatch, CloudTrail, DynamoDB, Aurora, RDS, Route 53, CloudFront, AWS Config, GuardDuty, EBS, EFS, Glacier, WAF, Redshift
- Technical Skills : Linux, AWS CLI, SSH (PuTTY), Networking (IGW, NAT, Route Tables), Basic Python, Java, Cloud Computing
- Troubleshooting Skills : Log analysis, instance connectivity issues, permissions/IAM policy debugging, monitoring alerts, storage issues
- Soft Skills : Communication, Teamwork, Quick Learning, Leadership

Interests

- Cloud Security
- Webinars
- Automation
- Global Tech Opportunities
- Story Writing
